Executive Session Protocol
Mount Hood Economic Alliance (MHEA) Board

After discussion agenda items are presented in open session by MHEA staff, the MHEA Chair will state the following: "Pursuant to ORS 192.660(f), Exempt Documents, I call the Executive session of the Mount Hood Economic Alliance to order"

MHEA Chair asks all non-staff and non MHEA members to leave the meeting, except that representatives of the news media are allowed to attend but cannot disclose any information. Staff will explain to visitors where they can wait and that they will be invited into Executive Session when their agenda item will be discussed.

For each discussion item on the agenda for Executive Session, the MHEA Chair will follow the following procedural steps:

1. Invite the loan applicant (or their representative) into the Executive Session for the presentation of their loan request. MHEA Chair requests a brief presentation from MHEA staff on a summary of the loan proposal or other discussion item.
2. After presentation of information by staff, the MHEA Chair asks if there are any questions for the loan applicant or MHEA staff.
3. Following questions and discussion by the MHEA, the loan applicant (and/or their representative) is asked to leave Executive Session with instruction that they will be invited into the Open session when Executive Session is adjourned.
4. MHEA Chair asks MHEA members if there is any discussion related to loan request that needs to take place before inviting the next loan applicant or other persons in to Executive Session for the next discussion item.
5. Additional discussion between the MHEA members takes place then Steps 1-5 are repeated for each following discussion item for Executive Session.

At the end of discussion, the MHEA chair will close the Executive Session. The MHEA moves back to open session. At this point, the MHEA Chair can ask for a motion of the decision items in open session. Open session is when the MHEA can make decisions on agenda items.

STAFF UPDATES

Mike Wells stated that his outreach efforts for possible Clackamas County Board candidates has not been successful to date. Matt Lorenzen has also advertised the vacancies at a Clackamas County roundtable but has also had no response to date. Someone suggested Pam at Clackamas Federal, and Jessica agreed that having a commercial lender on the board is a great reminder for referrals.

IGA UPDATE

Jessica brought the discussion to the draft IGA that was included in the packet. The need to amend the IGA was determined at the Board's November 2022 meeting in response to the Clackamas County seat vacancy. This draft is an amended and updated version of the MHEA's current IGA. The main points for discussion and approval are who will appoint Clackamas County representatives, and the vacant Wasco County tribal seat.

At the November meeting, Cindy Moore relayed the Clackamas County Board of Commissioners' recommendation that the appointment of Clackamas County members be decided by the MHEA Board. The draft wording designates that Clackamas County Board members be designated by the MHEA, and the process for the Hood River and Wasco County seats will continue by appointment of the respective County Boards of Commissioners.

The Wasco County Tribal seat has been unattended for years, and the current email for the rep is not valid. Jessica consulted with Michael Held to confirm the legal status regarding holding the Wasco County seat for a tribal member. If this Board approves these changes, the next step will be to share with all three counties.

Discussion: Mike Wells said that there has never been an active tribal member in his ten years on the Board. Ken Bailey recalled one showing up once or twice. Ken suggested taking the wording that says one seat shall be filled by a Tribal member out but work actively with Wasco County to approve any Native American who applies. He felt that the Board seat should not be left vacant.

Jessica spoke with Cindy after the November meeting to confirm that Clackamas County supported this process for appointing their MHEA Board members. Ken expressed some disappointment that Clackamas County has not assigned a County Commissioners to this Board as both Hood River and Wasco Counties do.

Nate DeVol entered meeting at 9:22.

Ken Bailey motioned to present this draft IGA to all three counties. David Snider seconded the motion. All voted in favor.

OTHER NEW BUSINESS/ GOOD OF THE ORDER

Mike Wells suggested that staff re-send the letter to Cindy Moore requesting that the county help find two members. He asked for wording to clarify that an answer was expected in the next two weeks.

ADJOURNMENT

Mike Wells adjourned the meeting at 9:26 a.m.

Respectfully submitted by Jill Brandt, Administrative Assistant

Re: Loan Loss Reserve Program Participation

Overview

In November, staff applied for a Loan Loss Reserve (LLR) program offered through Business Oregon. This is a new program established by 2021 House Bill 2266 to:

- Capitalize loan loss reserves for community-based lenders,
- Mitigate risk of loss for borrowers lacking capital due to:
 - Limited net worth;
 - Lack of personal and/or business assets to adequately secure a loan; and
 - Limited time in business and/or credit history.
- Help borrowers graduate to private lending markets.

Staff submitted separate applications on behalf of both MCEDD and MHEA. Business Oregon has offered to award the maximum amount available per lender at \$1,000,000 but wishes to make one award to cover both MCEDD and MHEA. Staff recommends that the award be made to MCEDD and that a smaller portion of the funds be allocated to MHEA internally reflective of portfolio sizes. Staff proposes 25% be allocated to MHEA.

As MHEA makes new loans, we can enroll the loans against this program to protect MHEA against losses. At the end of ten years, whatever is left will roll into MHEA's portfolio for lending.

One of the requirements for the award is to set up a Loan Loss Reserve fund with some of MHEA's own portfolio. This is an amount based on past losses that is set aside in case of prior losses. Staff will discuss options with the Board.

A second requirement since the fund would be managed by MCEDD is for MCEDD to remain the administrator of MHEA's funds, as the contract is a result of MCEDD's experience. MHEA could possibly open a new fund with a new administrator if the contract was moved. Staff will invite a Business Oregon rep to discuss what would happen if MHEA were to move the administration contract.

Request

Approve receipt of a Loan Loss Reserve award from Business Oregon. Approve creation of a Loan Loss Reserve fund with MHEA own portfolio.

Re: Microlending Program in RLF Plan

In 2021, the MCEDD Loan Administration Board and Oregon Investment Board approved different terms for loans of \$40,000 or less that allowed lower collateralization. These Microlending Programs also allow for a somewhat streamlined application process. These programs have been very popular for MCEDD and OIB in the last year.

MCEDD staff brought the idea of adopting a similar program to the MHEA Board for discussion in November 2022 and received positive feedback. As a result, staff has brought a draft update to the MHEA Revolving Loan Fund (RLF) Plan that would incorporate a microlending program for consideration. The update also changes some of the language in the introduction to reflect the recent IGA update.

The Board could choose to adopt the updated plan at the March meeting, with or without any edits noted in the meeting.

INTRODUCTION

The Mount Hood Economic Alliance (MHEA) Revolving Loan Fund Plan provides a policy structure for the management of the MHEA loan program. It is adopted by the MHEA Board.

Program Establishment:

MHEA was formed through an intergovernmental agreement in 2005 between Clackamas, Hood River and Wasco Counties, with an updated intergovernmental agreement signed in 2023. Originally the conduit for management and investment of one of Oregon's lottery fund programs—Regional Strategies—the Alliance now focuses exclusively on providing gap financing loans for local businesses. MHEA provides secondary financing for businesses unable to secure (enough) financing through conventional banking means. MHEA's loan fund is currently capitalized at about \$900,000.

The primary work conducted by the MHEA Board is the provision of low-interest loan funding for business development projects that create jobs and leverage additional investment in Clackamas, Hood River and Wasco Counties. Areas of emphasis include: Agriculture, recreation equipment and tourism; technology, including software for both for training and job development; and small business manufacturing and communications. Funding priority is on traded sectors that bring in dollars to the region and those that expand expenditures by local residents. Both new business and expansion of current business activities is targeted.

Administration:

The MHEA Board is comprised of 12 voting members: six from Clackamas County, and three members each from Hood River and Wasco Counties. (When the MHEA was established with Regional Strategies funding, Clackamas County's per rata contribution was approximately double that of Hood River and Wasco counties combined shares, thus the additional board members). There is one alternate seat held by Business Oregon. ~~Clackamas has two alternate slots and Hood River and Wasco Counties each have one alternate. One of the Wasco County seats is designated for the Confederated Tribes of Warm Springs.~~ Hood River and Wasco County board members are appointed by their respective County Commissions to two-year terms. Clackamas County board members are selected by the other Clackamas County board members serving on the board.

MHEA contracts for staffing administration of its program. Mary McArthur was the contractor from the start of the program until 2020 when she retired. At that time, the contract moved to Mid-Columbia Economic Development District (MCEDD). MCEDD staff adheres to the MHEA adopted Revolving Loan Fund (RLF) Plan to manage the program.

FUND STRATEGY

MISSION

The MHEA Loan Program provides flexible loan funding for business development projects that create jobs and leverage additional investment in Clackamas, Hood River and Wasco Counties.

PLAN GOALS

Minimum Funding Criteria:

The Board has the authority to approve exceptions to the below minimum funding criteria, which are listed as goals:

1. Project creates/retains at least 1 job for every \$25,000 of MHEA funding received.
2. Project leverages a minimum of \$1 for every \$1 of MHEA funding received.
3. Project is located in and benefits residents living in Clackamas, Hood River or Wasco Counties.
4. Project is ready to go, with job creation to be completed within two years of a signed contract.
5. Project is part of a specific community business development strategy or private business plan.

Project Review Considerations:

- What is the quality of jobs being created? (Wages, career development)
- How much additional funding is being leveraged?
- Does the project benefit the region's economic development? Does the business sell goods or services outside the region?
- What other funding options have been pursued?

Additional Project Funding Decision-Making Guidelines

Focus of the business development loans are on economic development projects that:

- Achieve an average wage level at or above the county average wage.
- Demonstrate readiness to proceed (e.g., land use, permitting, financial commitments in place)
- Demonstrate financial need and feasibility, and return on investment (tax base increase, state tax revenues generated, new sales generated, community economic impacts, etc.).
- Benefit the economy of the region or multiple firms/entities in the region.
- Demonstrate ongoing sustainability.
- Demonstrate other unique characteristics, such as achieving average wage level of jobs created, firm size of companies receiving benefits, businesses benefited that are minority-owned, businesses benefited that are woman-owned, and number of Oregonians benefiting.

Loan Award Funding Guidelines:

Applicants must demonstrate that they have been unable to acquire conventional financing for the full project. MHEA can be used to provide gap financing in partnership with conventional financing.

- Applicants must sign a personal and corporate (if applicable) guarantee for the funds.
- **Except for as allowed by the Microlending Policy,** loans should be fully collateralized, although MHEA can take a secondary position to another lender.
- Annual reporting and documentation of project progress, job creation, funds leveraged, budget and achievement of performance measures are required of all funded projects. Job creation must be documented with payroll records and reported quarterly through Oregon Employment Department Quarterly Reporting forms. The Board may request more frequent reporting as needed.

FINANCING POLICIES

1.) Microlending Policy

In an interest to improve accessibility for businesses making smaller loan requests, and to encourage loans to minority- and women-owned businesses, MHEA developed the following guidance. Unless specified below, all other policies in this RLF Plan apply to loans approved under the MHEA Microlending Program.

Fund Summary

- **Maximum Loan Amount: \$40,000**
- **Eligible Applicant Types: Entrepreneurs, new business start-ups, expanding businesses, existing businesses for debt refinancing, agricultural uses, and most legal business ventures. Women and minority-owned businesses are encouraged to apply.**
- **Term: For loans of \$5,000-\$20,000, one-to-three-year term maximum. For loans of \$20,001-\$40,000, one-to-five-year term maximum. Fully amortized.**
- **Interest Rate: Dependent on risk criteria, generally 4.5-10.5% with performance incentives to lower the interest rate during the loan term.**
- **Collateral: Personal guarantee required. A token piece of collateral is required but not full collateralization.**
- **Flexibility in Loan Requirements: Minimum 5% applicant funds, with up to 95% MCEDD loan.**
- **Minimal Documentation: Simple application, credit report, references and minimal supporting documentation dependent on credit score. No minimum credit score required.**
- **Minimal Insurance Requirements: Basic insurance on collateral and business required.**
- **Business Counseling: Requirement to meet with the Small Business Development Center or SCORE prior to or as part of the application process.**
- **Decision within one month of receiving all completed documentation.**

Documentation and Interest Rate Tiers

The following documentation requirements and applicable interest rate will be based on a review of the credit score of all parties with 20% or more ownership. In the case of more than one party, the highest score will be used.

- **Tier 1 -780 and above:** Simple application, credit report, references, bank denial, business experience and management information. Interest rates 0-1.0% above WSJ Prime.
- **Tier 2 - 779-740:** Simple application, credit report, references, bank denial, business experience and management information. Interest rates 1.25-2.0 % above WSJ Prime.
- **Tier 3 - 739-700:** Simple application, credit report, references, bank denial, business plan, business experience and management information. Interest rates 2.23-4.0% above WSJ Prime.
- **Tier 4 – 699-670:** Simple application, credit report, references, bank denial, tax returns, financial statements, cash flow projections, business plan, business experience and management information. Interest rates 4.25-5.0% above WSJ Prime.
- **Tier 5 – 669-650:** Simple application, credit report, references, bank denial, tax returns, financial statements, cash flow projections, business plan, business experience and management information. Interest rates 5.25-6.0% above WSJ Prime.
- **Tier 6 – 649 and below:** Not eligible for the microlending program. Will require full documentation and must follow all other RLF rules, including full collateralization.

2.) Loan Related Fee Policy

The following fees will be charged to the loan clients. Any of these fees may be waived or modified at the discretion of the MHEA Board.

- An up-front loan fee of 1.5%.
- All third-party fees associated with each individual loan, such as title insurance, appraisals, credit reports and filings fees, etc.
- All fees associated with collection of past due loans or loans in default.
- All fees associated with other financing obtained through sources outside of MHEA.
- A loan modification/restructuring fee may be charged.
- A prepayment penalty fee may be charged. A minimum prepayment fee could be \$250, if charged, and could generally be 0.5% of the outstanding loan balance.

3.) Interest Rate Policy

Interest rates will be set by the MHEA based on recommendations from staff that are based on cash flow analysis and risk. Interest rates will generally be fixed for the term of the loan. MHEA does not provide a variable or floating interest rate. Rates may vary between individual loans or be stepped to allow for specific circumstances.

MHEA Staff Risk Category	Margin	Index – WSJ Prime Rate*	MHEA Interest Rate*
Low	0.0 to 2.0%	4.5	4.5 to 6.5%
Medium	2.0 to 4.0%	4.5	6.5 to 8.5%
High	4.0 to 6.0%	4.5	8.5 to 10.5%

*The Wall Street Journal Prime Rate is subject to change. When the WSJ Prime rates changes, so do MHEA interest rates.

Default Interest Rate: Upon default, including failure to pay upon final maturity, the interest rate on a loan agreement may increase by up to five (5) percentage points per annum based upon a year of 365 days.

Performance Interest Rate: As a performance incentive, the MHEA may authorize a reduction in the interest rate over the course of the loan, provided all loan payments are made on time, as agreed and all other loan requirements are met. This rate reduction option will generally be used with loans that are scheduled at a higher interest rate due to their risk rating since regular loan payments, communication with MHEA staff and the lending relationship with MHEA may mitigate factors initially contributing to a higher risk rating and higher initial interest rate. Clients could request this one-time rate reduction after at least twelve (12) months of on-time payments and reporting.

4.) Equity Policy

The MHEA Board has flexibility in requirements for equity or cash infusions in a particular project. The MHEA Board will consider the financial strength of the borrower, other collateral, strength of guarantors, and other important and pertaining factors when varying from general guidelines. This equity can be in capital (or lien free assets) added to the project from the borrower or investor sources.

The general guidelines for equity or cash infusions are as follows:

- For fixed asset loans to existing companies, a minimum of 10% (percent) of the project must generally come from the borrower. This can be in capital (or lien free assets) added to the project from the borrower or investor sources.
- For loans to start-up companies, a higher percentage of 25% (percent) will usually be required.
- For working capital loans 25% is required.
- For real estate loans 25% or more is required if the Loan to Value percentage is 75% or more. 10% or more is required if the Loan to Value percentage is less than 75%.
- Assets may be adjusted to reflect Fair Market Value.

5.) Standard Repayment Terms Policy

The term of the loans will not exceed the useful life of the assets being financed. The ability of the borrower to repay will also be taken into consideration. When possible, shortest terms possible without detracting from the initial and ongoing success of the borrower rather than longer terms will be set to recycle funds faster to make more loans

and to reduce the risk to the RLF. Generally terms will generally range from 1 to 5 years but may be amortized over a longer period and include balloon payments. The MHEA Board may grant deferral of principal payments for up to one year when necessary for the success of the project. During principal deferral period, the borrower must continue to make payments of the interest due on a monthly basis on the scheduled payment due date of their loan; unless otherwise decided by the MHEA Board.

6.) Collateral Policy

The MHEA will secure each loan to the maximum extent possible in the judgment of the MHEA Board and require collateralization, excepting only in cases determined by the MHEA Board to warrant the greater risk of loss inherent in less collateral protection. Security interests will be taken in available assets, both business and personal, taking the best lien obtainable in any equity the borrower has, might have or might later gain in all such assets. In addition, MCEDD/ MHEA will obtain personal guarantees of owners with 20% or larger interest, corporate guarantees of related entities, and assignments of leases and insurance policies including hazard, flood, key man or other life policies naming MCEDD/ MHEA as loss payee as appropriate. Such collateral and other security may be subordinate to existing liens of record and/or liens securing other loans involved in the project. Personal guarantees may be collateralized with assets of the guarantor. The amount and type of collateral will be negotiated between MCEDD/ MHEA and the borrower. Generally, if a borrower has multiple loans with MCEDD/ MHEA from separate funds sources, the loans will be cross collateralized.

Combined Loan To Value Ratio (CLTV) requirements will be determined on an individual loan basis depending on the strength of the financial position of the borrower and the project. The gap financing this program provides often requires that MCEDD/ MHEA lend a higher dollar amount or at a higher loan to value percentage than ideal on physical assets to allow borrowers to have adequate cash to meet MCEDD/ MHEA working capital requirements. MHEA loans will most often be in a subordinate lien position, therefore sufficient cash flow for debt service is considered to be of greater importance than set "loan to value" ratios. Optimum goals for maximum CLTV percentages are as follows:

Real Estate	90%
Equipment, furniture and fixtures	80%
Leasehold improvements*	60%

*(term limited to less than period of lease)

Methods of valuation of assets used for collateral will be objective. Real estate will be valued by an approved licensed appraiser or by county assessor office. If a lead lender obtains an appraisal, MCEDD/ MHEA may accept valuation from a valid or true appraisal rather than requiring another. Other asset types will be valued by methods that adequately show market value by use of objectively obtained market comparisons, appraisals by qualified and approved persons, or by MCEDD/ MHEA staff valuation. The valuation will take into consideration book value discounted according to useful life and condition. In all cases, valuation will need to show due diligence and objective

evidence in addition to values provided by the borrower. Documentation of collateral values will be required in the loan file.

Working capital (current) assets will not be considered as collateral for long-term debt.

7.) Cash Flow

An applicant must demonstrate sufficient cash flow for debt service.

8.) Loan Size Policy

The MHEA Board may determine the loan size minimum and maximums on individual loans, within the constraints of funds available to lend. Loans generally range from \$5,000 to \$200,000.

9.) Construction Loan Guidelines

The following guidelines apply to MHEA loans funding construction and remodel projects, but typically will be implemented on loans that exceed \$15,000.

- Borrower will provide staff with a “Contractor Final Waiver and Release of Lien and/or Claim” or “Affidavit for Partial Payment” signed, notarized and executed by each contractor, sub-contractor, supplier, vendor or business providing more than \$5,000 of products or services to the construction project financed by the MHEA loan. Staff may obtain a title report or conduct other types of lien searches, at the expense of the borrower, to determine who needs to provide a Waiver/Release or Affidavit.
- Each loan will have a construction disbursement period not to exceed six (6) months. The MHEA may approve extensions of this period as needed. The final loan principal amount will equal the sum of all authorized loan fund disbursements and will have terms and conditions as approved by the MHEA.
- Monthly interest-only loan payments will be made during the disbursement period with principal and interest payments beginning according to the loan terms approved by the MHEA.
- Each loan disbursement must be approved by staff and the borrower with a signed disbursement authorization form and supporting invoices of the work done or to be done on the project.
- MHEA will have the discretion to approve a contingency amount for each construction loan; typically this amount will be 10% – 25% of the construction project amount. Contingency funds may be used for, but are not limited, to the following areas of higher than anticipated project costs: labor, permits, supplies, environmental issues, contractor error, contractor dismissal, weather, building site issues and changes in building code and laws. Contingency funds will be disbursed when funds from a project budget category are fully dispersed and additional funds are requested by borrower and the request is approved by MHEA staff. If there are remaining undisbursed contingency funds after the completion of project, these unused/undisbursed contingency funds will not be disbursed to the borrower unless approved by staff; if applicable the loan amount will be reduced by the amount of undisbursed funds.

- MHEA will approve a holdback amount to be disbursed after completion of the project is verified by staff and permanent occupancy documentation is provided, as applicable. The holdback amount typically will be 10% – 25% of the construction project amount (not including contingency funds). Undisbursed approved funds will not be included in the final MHEA loan amount.
- Staff will inspect a construction project to ensure that the construction work is proceeding according to the construction project budget. Appropriate documentation will be maintained in the loan file.
- Other terms and conditions related to construction loans may be approved by the MHEA on an individual loan basis.

LOAN SELECTION CRITERIA

1) Eligible Applicants

To be eligible an applicant must be a private for-profit firm or a public or private non-profit organization.

Applicants will be required to demonstrate that the funds are not otherwise available or are not taking the place of private financing on terms, which in the opinion of the MHEA, will permit the accomplishment of the project.

Applicants must show a reasonable assurance of repayment of loans. Among other things, this will be judged by standards of character, capacity, collateral, conditions and capital.

Applicants may not have delinquent federal, state or local government debts or liens or judgments filed against them or their property. These types of debts and liens may be allowed if an approved workout/repayment plan is in place.

Applicants are not required to be U.S. citizens. Applicants may be those with an Individual Taxpayer Identification Number (ITIN), Deferred Action for Childhood Arrivals (DACA), or a Visa.

2) Eligible Projects

Eligible projects may be for expansion, start-up or retention of a business that will meet the goals of the MHEA. Loans may be for fixed assets or working capital. LOAN SERVICING PROCEDURES

Borrowers will make loan payments directly to MCEDD/ MHEA at MCEDD's principal office or via electronic funds transfer. All payments are logged in and marked with the date of receipt, along with any other checks received that day, by the employee handling the mail. Each payment by cash or check is given to the Office Administrator or other appropriate MCEDD/ MHEA staff to deposit into the bank account for the MHEA. A copy of the check and deposit record is given to the loan department staff for posting to the borrower's Payment Record Ledger.

Each loan will be individually and separately maintained in the MCEDD loan portfolio software and loan payments will be recorded for each loan. This record will be referred to as the “Payment Record Ledger.” The payment will be posted to the borrower’s Payment Record Ledger showing the date and amount of the payment along with the breakdown of principal and interest and the new balance. Each loan client will be invoiced for each payment due and a record of the previous payment will be provided to each loan client showing the application of loan payments to fees, interest and principal.

Each month MCEDD/ MHEA accounting records are reconciled with MCEDD Loan portfolio records to verify that the ledger posting account and amount and the deposit account and amount are correct. This reconciliation is done by loan department staff and accounting staff.

2) Loan Monitoring Procedures

A tickler system is used to remind loan staff of insurance expiration dates, UCC renewals, annual site visits, financial statements due or other requirements that have regular or expiring terms. Financial statements are generally required on an annual basis for all existing loan clients, and usually more frequently for loan clients that are start-up businesses. Annual reporting and documentation of project progress, job creation, funds leveraged, budget and achievement of performance measures are required of all funded projects. Job creation must be documented with payroll records and reported quarterly through Oregon Employment Department Quarterly Reporting forms. Additional reporting to MHEA by the borrower may be requested on a loan-by-loan basis.

3) Late Payment Follow-up Procedures

Borrower’s Payment Record Ledgers for each loan are checked on a regular monthly basis to find any late payments. A loan that has a monthly loan payment more than 30 days past due is in technical default, although a loan that has a monthly loan payment less than 90 days past is referred to as “delinquent” or “past due.” If a payment is late, the borrower, all signators and any additional guarantors to the loan are notified by staff that the payment is late. A late fee is assessed as per the terms listed in the borrower’s loan agreement and security agreement. If a payment is two months late, the borrower, all signators and any additional guarantors receive a second notification from MCEDD/ MHEA staff. Notification may be verbal, written or electronic communication. If verbal, a follow-up message in written or electronic form will be sent to the Borrower/Guarantors/Signators and a record of the correspondence retained. If a payment is three months late, a letter is sent or other notification made indicating that the loan is in default and possible actions may be taken. In addition, a personal telephone call or visit will be initiated by MCEDD/ MHEA staff within 30 days of initial delinquency and subsequently as appropriate. Every effort will be made to work with the borrower to resolve the delinquency. Modification of the terms of the loan will be used only when it can be demonstrated that the modification will improve the ability of the borrower to repay. A record of

communication with a Borrower, signators and guarantors regarding late payments will be retained.

4) Procedures for Handling Loans Over 90 Days in Arrears (Past Due)
